

RESPONDS TO TRIBUTE--Miss Viola Lankenau was just getting her voice back when this picture was taken at the Frankfort PTA meeting last week. Principal of Frankfort grade school where she put in 42 of her 48 years of teaching, Miss Lankenau was surprised when she found herself the central figure in a "This Is Your Life" sketch patterned after the TV version. Former teachers and pupils, some of whom she had not seen for many years, were on hand to wish her well in a new role which will begin for her at the close of school -- a retired teacher. (Marvin Smith photo)

Friends, Associates Fete Retiring Principal

Former teachers and pupils with whom she worked and taught in her long career as an educator were on hand last week for the "This Is Your Life" sketch presented by the Frankfort PTA as a surprise for Miss Viola Lankenau, principal of the Frankfort grade school, who retires this June after 48 years of teaching.

Actually Miss Lankenau will be in semi-retirement as she will be available to serve as a substitute teacher when necessary.

One of her former pupils, Attorney Albert H. Krusemark, served as master of ceremonies for the affair which was held in the school gymnasium at the conclusion of the regular PTA meeting.

The program followed the format of the TV production "This Is Your Life." It was brought out that Miss Lankenau was born in Green Garden township Jan. 15, 1895, the daughter of the late Gerhardt and Kate (Stellwagon) Lankenau. The family moved to Monee when she was two years

old. Three years later they came to Frankfort.

She started in school in 1901 and her first teacher, Mrs. Hattie Knater, now of Chicago Heights, was the first surprise visitor. Another of her former teachers there was Howard Craig, now of Winnetka. He was the principal at the old Frankfort school when Miss Lankenau was graduated. That was in 1910 and there were two others in the class besides Miss Lankenau, and both were on hand to exchange reminiscences, Mrs. Bertha Nieland and Al Zechlin. Miss Lankenau began teaching in 1912. She was 17 and her first job was at the Rahm school near Sauk Trail. She made the journey between school and home in a buggy drawn by a horse named "Daisy." When the roads became too deep in mud the buggy was supplanted by a two-wheel cart.

After a year at Rahm school Miss Lankenau became the teacher of Storm school on Francis

road. The interurban provided her with transportation to Storm road and from that point she had a two-mile trek--each way. She became ill and the doctor gave her a choice between halting teaching for a year or getting a school where she didn't have to travel so far. As a result she taught the next three years at Monee, staying with an aunt, Mrs. Kate Holt. In 1918 Miss Lankenau came to the Frankfort school and remained for 42 years, the last 18 as principal.

One of her first pupils at the Rahm school, Lawrence Woodman, appeared to say, hello teacher. One of her early school mates, Herbert Folkers, also extended greetings.

When Miss Lankenau began teaching she had an eighth grade diploma and the equivalent of two years of high school under the tutelage of Mr. Craig. She took the teachers' examination was given a certificate. Since then she has attended State Normal, the Pestalozzi Froebel Teachers College

and DePaul university to earn a bachelor of education degree.

Among her former pupils present were her brother, Floyd, now of Dearborn, Mich.; three nephews, Burton Breidert, Paul Lambrecht, Lynn Kohlhaugen; two nieces, Virginia, Mrs. Howard Osmus and Kay, Mrs. Robert Andrews and two grandnephews, Robert Breidert and Richard Osmus. Another nephew, Dale Warning, was unable to be present.

Three principals under whom Miss Lankenau taught were there, Alvin Hill, head of Fairmont school, Lockport township; Mr. Lester Soucie, of Bourbonnais and J. C. Knight, of Frankfort.

Her sisters, Lu, Mrs. Henry Breidert, of Mokena, and Hilda, Mrs. Herbert Lambrecht, of Elsa, Mrs. Edward Warning and Buelah, Mrs. Fred Kohlhaugen, and her brother, presented her with a gift. The PTA officers gave her a corsage and past and present teachers gave her a wrist watch. Presentation of the watch was

made by Mrs. Frank (Annette) Fleck, a former pupil and colleague.

Miss Lankenau was one of the organizers of the Frankfort PTA in 1945 and past presidents of the organization were introduced by Mrs. Folkers. The list includes: Mesdames Wallace Weichbrodt, Clarence Wise, Leo Peterson, Walter Harnack, Stanley Johnson, Burton Breidert, Wendell Morrison, Glenn Ferrell, Emmanuel Engelman, Lee Robinson, Paul Lambrecht, Marian Bell, and this year's president, Mrs. Lewis Ebert.

Mr. Ebert played organ selections as a musical background for the program. County Supt. Verne Cracker spoke and the Rev. Erich Bizer, pastor of St. Peter's church, gave a prayer at the close.

The school board and current graduating class were introduced. Mrs. Walter Haakinson, wife of one of the new board members, was program chairman.

Student Exchange Assigns L-W Girl To Argentina

Jane Berlin, junior at Lincoln-Way community high school, has been chosen by the American Field Service Foreign Exchange program to spend the summer in Argentina -- our summer that is and their winter, so for Jane 1960 will be the year of the two winters.

Jane is the second student from Lincoln-Way to receive such an honor. Last year Kay Gersich was sent to Germany by the AFS foreign exchange program.

Jane's scholastic average is B. She is active in the school chorus, the Future Teacher's of America, and the Spanish Club.

She first had the idea of going abroad when Lincoln-Way's first foreign exchange student, Ella Jensen from Denmark, came to live at the Berlin Homes.

Jane felt that she learned so much from Ella about Europe and how other people think. She wanted to meet other people, first hand, in the other persons country.

Last October she applied and was notified last Friday by the AFS that she would leave for Argentina about the middle of June. Her stay will be for three months.

She will live with the Gac family in Mendoza, Argentina. The Gacs have two children; a daughter 19 and a son in the university who is 18.

She will probably have a half day session of school in the high school there in Mendoza -- in Spanish. Jane is studying Spanish at Lincoln-Way.

She is the daughter of Mr. and

Mrs. Lloyd Berlin. Mr. Berlin is one of the owners of the Economy supermarket at New Lenox.

Poppy Day May 18-21

"A Poppy on every person--Remembrance in every heart" is the slogan for 1960 Poppy Day.

Starting yesterday, May 18, the Ladies Auxiliary of William Martin Post #725 of Mokena observed the day selling poppies.

Frankfort and Lincoln Estates will observe the poppy sale, Saturday May 21 under the sponsorship of the Ladies Auxiliary of Frankfort.

New Lenox Voters OK Sewer Bonds By Margin Of 5 To 1

E.H. Warning Dies At 56

Elmer W. Warning, 56 years old, died Tuesday, May 17, of a sudden illness, at his home on Lincoln highway about a mile east of New Lenox. He had been under a doctor's care because of a heart condition.

A son of the late Mr. and Mrs. Christopher Warning, he was born on a farm in Frankfort township, now occupied by Valley View Farm, but for the past 16 years Mr. Warning had resided in New Lenox township.

He farmed and was also employed in the Ruberoid Co. plant at Joliet.

Mr. Warning was a member of the Will County Farm Bureau, the New Lenox Methodist church and Mt. Joliet lodge, No. 42, A.F. & A.M.

Besides his wife, the former Elizabeth Vanderwey, he is survived by one daughter, Janet, Mrs. Harry Gougar and two sons, Jerry and James; two sisters, Ella, Mrs. J.C. DePorto, Frankfort, and Florence, Mrs. Edwin Benson, of Kankakee; two brothers Edward and Walter Warning of Frankfort and two grandchildren.

Removal was to the Baskerville chapel, Lincoln highway. The body will be taken to the New Lenox Methodist church at noon today to lie in state until 2 o'clock when funeral services will be held with the Rev. Alfred H. Hunter officiating. Burial will be in Elmhurst cemetery, Joliet.

New Lenox is to have a sanitary sewer system.

Residents of the village turned out in large numbers in Tuesday's special election and approved a \$200,000 issue of sewer bonds by a margin of 5 to 1.

Unofficial returns disclosed that out of 900 eligible voters 671 went to the polls and the vote was as follows:

Yes ----- 538.
No ----- 110.

There were 23 spoiled ballots. The \$200,000 of general obligation bonds approved this week will not be enough to build the sewer system, as was explained to the public at various meetings, but the remainder of the amount needed will be raised thru the sale of revenue bonds. General obligation bonds are paid for out of taxes; revenue bonds are retired thru a charge for the service performed. In this instance it has been estimated by authorities that the average cost per household will be about \$5 a month.

Figures prepared by the bond house that has purchased the issues state that the annual tax required to retire the GO bonds in 20 years will run 40 cents per \$100 assessed valuation. A person whose home has an equalized assessed valuation of \$5,000 would pay \$20 for the purpose.

Bids have been taken on work,

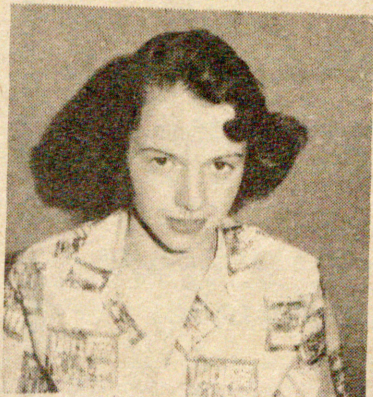

including a sewage treatment plant so it is known the program will cost approximately half a million dollars. This means that approximately \$300,000 of revenue bonds will be issued.

Originally it was hoped to install a central water system for the village but the cost was too great. Bonding houses decided, for the village to carry. However, the plans are ready for the time when this improvement can be made.

To show the bond company of their bonafides residents or the village have been asked to sign applications for sewer service. Each application is accompanied by a \$10 deposit that will be either returned or may be left with the village to apply on their sewer bills when the system is in operation.

As of Tuesday 378 property owners had signed applications for service and it was believed this number would be increased by another 75 by the end of the week. There are approximately 530 homes in the village.

The village board plans to adopt an ordinance outlawing septic tanks so that all homes and business houses in the village will have to be connected with the sewer. Those who do not apply for service now but choose to wait until the sewer is in will have to pay a substantial connection fee, it was explained by village officials.

KAY VAN RHEEDEN

L-W Girl To Take Speech At De Kalb

Kay Van Rheeden, sophomore at Lincoln-Way high school, has been accepted for the summer high school institute in forensics at Northern Illinois university, DeKalb, which opens June 19.

Kay is one of a few sophomores who can get accepted for such a program. She is the first Lincoln-Way student to attend Northern Illinois for the summer speech sessions. The institute is for three weeks.

Kay's work will largely center around debate and public speaking.

She is a member of the Lincoln-Way varsity debate team and has been since her freshman year. Kay is a member of the band, Future Teachers of America and the Dramatics club.

She is the daughter of Mr. and Mrs. Robert Van Rheeden of Frankfort. Mr. Van Rheeden is head of the vocational agriculture department at Lincoln-Way.

Death Claims N. Lenox Man

Manuel Candan, 76, late of 1238 N. Cooper st., New Lenox, died there yesterday (May 18). He had been ill for the past two years.

A native of Scott Station, Mo., Mr. Candan had been a resident of New Lenox since 1934. He was employed by American Car and Foundry Co., Chicago, for 46 years a considerable portion of which being spent as shop foreman. He retired in 1949.

Besides his wife, the former Medline Baldwin, Mr. Candan is survived by two brothers, Shelby, of Jefferson City, Mo., and Edward, of Ogden, Utah.

Removal was to the Baskerville chapel, Lincoln highway, New Lenox, where friends may call today between 2 and 5 and 7 and 10 p.m. Funeral services will be held there tomorrow afternoon at 1:30 o'clock with the Rev. Leonard Reinke, pastor of Trinity Lutheran church officiating. The body will be taken to Jefferson City for burial in Riverview cemetery on Monday.

All are asked to bring a nose bag lunch and their own drink the first day at camp.

Open House Sunday

St. John's To Bid Riemanns Adieu

Time has rung down the curtain on 47 years of regular pastoral duties for the Rev. William J. Riemann. Retired now after almost half a century of service he and Mrs. Riemann will be guests of honor Sunday, May 22, at an open house to be held in St. John's church at Mokena.

Hours for the affair will be from 3 to 5 and 7 to 9 p.m. in the church parlors. The general public as well as the congregation is invited.

The Rev. Mr. Riemann served St. John's church for the last 17 of his 47 years in the ministry. He preached his final sermon there on Easter. During his Mokena pastorate he was instrumental in leading the church out of heavy indebtedness. He also sparked the plans that have resulted in the recent completion of an expansion program that includes a \$90,000 educational building, and there is no mortgage.

When he began in ministry at St. John's there was need of a scout leader. He volunteered and served in that work for five years. He was also active in Civic Association

tion affairs for many years and was a member of the Mokena Lions club.

"The Rev. Mr. Riemann and Mrs. Riemann have not only excelled in leadership," a spokesman for the open house committee said this week, "but have worked along side of their paper, regardless of the task -- carpentry, painting, cleaning or cooking we all found fellowship together."

"The youth of St. John's church has been benefitted and strengthened by his leadership and guidance. Each year Rev. Riemann has organized and instructed a large confirmation class. Those who have attended an Easter sunrise service and breakfast or Youth Sunday when the Youth Fellowship conducts the services can hear and see the fruits of his teachings."

"Rev. Riemann also organized a Junior League for the children of grade school age. As any parent knows this is the age to test all patience. But Rev. Riemann always had them interested and under control. After devotions at each meeting he leads them in games

which no Junior Leaguer would miss for the world. Anyone approaching the church on the third Monday evening of the month can verify this from the sound within. When the refreshment committee forgot they were serving, an SOS call went out to Mrs. Riemann. She would heed the call and make and serve cocoa and cookies to about 35 or 40 energetic youngsters."

"Rev. Riemann has accompanied the youngsters on many a trip to Riverview, swimming parties at the Sand Dunes, hayrides, roller skating parties, and visits to other churches for fellowship, sometimes to observe other forms of worship than their own."

"Mrs. Riemann has taught Sunday school in the primary department for the past 12 years. She has been a devoted member of the Women's Guild and advisor and consultant to the Friendly Circle. Also having served as a member of the choir for a number of years. The Rev. and Mrs. Riemann will be greatly missed but the fruits of their years in Mokena will remain to enrich the lives of these and succeeding generations."

EMPHASIZES STOP SIGN does this red flicker signal erected last week at the intersection of Mokena and Front streets, Mokena. The light was given to the village by the Mokena Chamber of Commerce and the man in the center with the flag with which he controlled traffic while the installation was in progress is the C. C. president, William Tuttle, an electrician. The stop signs at the inter-

section are placed so low that many persons, especially strangers, fail to see them and so unwittingly became violators. The Commerce group pointed out that an additional warning sign would be helpful in getting motorists to stop and the village board accepted its offer of a flicker signal. (Marvin Smith photo)

Mokena "Susannah Circle" New Name Chosen By WSCS Unit

MRS. MARGARET SEMMLER
Tel. Mokena 5561

The members of the Womens Society of Christian Service, which in Mokena, consists of two circles, the Afternoon and Evening, are reorganizing to fit-in with the overall plan of the Methodist conference.

With this objective in view, the Evening circle entertained the Afternoon circle in the Methodist church last Thursday evening, at a union meeting. Each guest was presented a corsage. Mrs. W.T. Bradley, president of the

afternoon group or Susannah circle by which they will be known hereafter, explained the method of uniting the two groups as specified by the Conference.

The evening circle elected the following new officers: Mrs. John Pettersen, president; Mrs. Paul R. Wagner, secretary; Mrs. George R. Boyce, treasurer and Mrs. Willard Barenz, program chairman. In the fall the two circles will meet and elect officers for the overall plan.

The program was given by the pastor, the Rev. Robert King, who

showed colored slides of scenic pictures that he had taken in several countries in Europe while he was stationed there with the armed forces.

Refreshments were served by the Evening circle, from a table centered with a pleasing flower arrangement.

In the afternoon of the same day, the afternoon circle met, and in accordance with the conference plan of uniting the WSCS as one Women's society, adopted the name, "Susannah circle" in honor of the mother of John Wesley, founder of Methodism.

Mrs. Harry Bettenhausen led the devotions. The members discussed plans to cooperate in the fall with the local Mental Health program. They are also considering activities to benefit the church organ fund.

New officers elected were: Mrs. W. T. Bradley, president; Mrs. Barney Hostert, vice president; Mrs. Elias Brown, recording secretary; Mrs. Hugo Niethammer, treasurer; department secretaries are, Mrs. Clida Deadmore, spiritual life; Mrs. Alva Dobbs, promotion; Mrs. H. I. Lotz, Youth and students and Mrs. W. H. Pitman, missionary. Mrs. W. T. Bradley Jr. was hostess.

warming. The group presented them with a gift. Refreshments were served.

Mr. and Mrs. Darrell Manhart of Fontana, Wis., spent Sunday with their son, Mr. and Mrs. Charles Manhart and infant daughter, Barbara Lee, whom the grandparents had not seen.

35% Of Frankfort Sewer Completed Footage-Wise

Discussion of various phases of the sanitary sewer project now underway in Frankfort claimed most of the attention of the village board at its meeting Monday night but there were many other subjects that came up too.

Robert Hamilton, village engineer reported that approximately 35 per cent of the sewer program has been completed footage wise and 45 per cent dollar wise. The original contract is for \$218,508 for the sewers and 10 per cent was provided for contingencies. So far, Hamilton said, contingencies were running about 7.5% and he believed that when the job was finished they would be under the 10%.

Estimates allowed by the board Monday for work completed on the program amounted to \$43,462.30, which included \$14,414, paid on the sewage treatment plant and \$27,414 on sewers. Engineering fees, including those of the resident engineer, totaled \$1,633.

Mayor George Sangmeister read a communication sent to the Illinois commerce commission from the board which stated that the village of Frankfort was not interested in selling water or sewer service to Arbury and had no objection to the Arbury Hills Utility Co. being given a certificate of convenience and necessity to furnish that subdivision with such service. The only interest the village had, the communication to the ICC stated, was to make certain that the sewer and water mains installed in Arbury Hills met all the requirements of the State Water Board and that it add no pollution to Hickory creek.

The board is studying a plumbing code which probably will be adopted in the near future.

The board adopted an ordinance annexing the Ray Schilling property at the northwest corner of U.S. Routes 45 and 30. It has been business property but under the zoning ordinance reverts to residential so that a rezoning of the tract will be necessary.

Walter Marx, a Frankfort merchant, told the board that he plans to build a commercial building on a 22-foot strip that is 66 feet long if the alley is vacated. One of the stores in the proposed building would serve as a redemption center for trading stamps, he said, and added that he had had inquiries about the remaining space. He plans two stores. He was advised to confer with the planning commission.

Village Clerk Walter Pfaff announced that he would keep the village hall open for business on Friday nights from 6 to 8 o'clock.

Marvin Smith, of Mokena, was hired to serve as the village policeman when Chief Frank Simons is on vacation in July.

1959 Tax Rates Up For New Lenox And Frankfort

Tax rates for the villages of New Lenox and Frankfort were announced this week by County Clerk Joseph Hartley. The Mokena rate is held up because the newly formed park district has some land that overlaps the Cook county line and the Valuations there have not been determined.

The rate for village purposes in Mokena, however, is .489 cents per \$100 equalized assessed valuation as compared to .51 cents last year. The Mokena school district (159) rate now is \$1,268 as compared to \$1,135 last year.

The rates announced now are applied to the 1959 valuations to determine the amount of taxes due this year.

The total rate for Frankfort, including the village, School Dist. 157-C and L-Way high (Dist. 210) is \$3,661 as compared to \$3,077 last year. The Frankfort school rate is down in the new rate, .965 as compared to .994 in 1958. Because of the sewer bonds the village rate is up from .465 last year to .783 now. The rate for the sewer bonds is 35 cents per \$100 of valuation.

The total rate for residents of

the village of New Lenox is \$3,338 as compared to \$2,795 for 1958. The rate for village purposes is .322; last year the village rate was .275. The rate for Lincoln-Way high school (210) is \$1,443 as compared to \$1,277 last year; the New Lenox village schools (Dist. 122) has a rate of .998 this year in comparison to .750 last year.

The rate for School Dist. 56-C (Ann Rutledge) is \$1,165 this year; last year the rate was \$1,104.

Increase in the school tax for Dist. 207-U sent the rate up in Green Garden township this year. The new rate there is \$2,811 as compared to \$2,272 last year. The 1958 school tax was \$1,646; the 1959 school rate is \$2,185.

The total rate for residents of the village of Manhattan this year is \$3,652; in 1958 the figure was \$3,465. The rate for village purposes is down four mills this year, .450 as compared to .454 for 1958. School Dist. 114 has a rate of \$1,173 in comparison to \$1,773 in 1958, another drop of four mills. The high school rate (Dist. 210) is \$1,443 this year and \$1,277 for 1958. The town tax, however, is up.

Math Teacher Shows New Methods At Lincoln-Way

Dr. W. Eugene Ferguson was at Lincoln-Way high school last week as a visiting lecturer in mathematics. Dr. Ferguson is sponsored by the Mathematical Association of America and the National Science Foundation.

He has taught at many schools including University of Missouri and Yale, at the present time he is chairman of the math department in Newton high school at Newtonville, Mass., (near Boston).

He is very active in curriculum improvement and is a member of the textbook writing team for the school mathematics study group whose headquarters is Yale University.

Dr. Ferguson lectured to Lincoln-Way math students on some of the new developments and new curriculum trends in the field of mathematics. His visit gave him opportunity to try out some of his new teaching methods and materials on students in a different high school. Ferguson will be traveling across the country and visiting many schools in this program. At the close of the school day

DR. W. E. FERGUSON

Dr. Ferguson talked with a combined group of faculty members from both Lincoln-Way and Joliet high schools.

Dr. Ferguson believes that many high school students are capable of doing advanced work in math, if they have proper instruction.

He has been teaching his seniors a full year of calculus, which normally has been a part of the college sophomore's schedule. The success has been marked, he said.

Overpumpage Big Threat To Region's Water Supply

Overpumpage of ground water threatens permanent damage to the water-yielding formations underlying the Chicago region, according to a report published this week by the Illinois State Water Survey, scientific research division of the Department of Registration and Education.

Written by Water Survey engineers, the report states that the greatest danger from overpumping in the Chicago region lies in the potential dewatering of the water-bearing rock formations. When all water they contain is withdrawn, the formations become compacted and unable to hold or yield the generous quantities of water that the region has been noted for in years past.

Pumpage last year in this area increased 9.7 million gallons per day, or from 78.3 to 88 million gallons per day. The area comprises more than half the state's population and includes the counties of Cook, DuPage, McHenry, DeKalb, Lake, Kane, Kendall and parts of Grundy and Will.

Excessive declines in water levels reflect the great quantities of water now being pumped. Water levels during 1959 declined an average of about 20 feet in the area, ranging from nine feet in the Joliet area to 41 feet in the Elmhurst area. Ground-water users in the region have already begun mining water and borrowing from future generations, the report states.

Artesian pressure at Chicago

has now declined 660 feet below the surface, according to the report, and it can be expected that by 1980 pumping levels exceeding 1000 feet below the surface will be common. When the first well was drilled in Chicago in 1864, water flowed freely at the surface. Heavy pumping in the region is concentrated at Chicago, Joliet, Elmhurst, Des Plaines, Aurora and Elgin.

Authors of the report are William C. Walton, head of Water Survey's ground water research; Robert T. Sasman, head of Water Survey's northeastern Illinois regional office at Naperville; and Robert R. Russell of the engineering staff. The report is listed as Circular 79 and can be obtained upon request by writing Box 232, Urbana, Ill.

Lion Club Seeks Young Jockeys For Turtle Race

The Frankfort Lions club who are sponsoring a Turtle Derby, in the school gym, Thursday, May 26 are seeking jockeys for the turtles states Lynn Kohlhaage, vice-president.

These turtles are not to be miscontrued as the common Hickory Creek variety but are the Mississippi racing turtles and have a real Southern crawl.

Any boy or girl 11 years old or under are eligible to become a jockey and may sign up at the Lam-brecht Insurance Agency or at the Frankfort Pharmacy. The jockey of the turtle which wins the featured race will be awarded a bicycle. Other prizes will also be awarded to the jockeys in each of the ten heat races.

Anyone may sponsor a turtle by contacting any Lion member. Proceeds of the evening will be used to sponsor the Little League baseball team and other service activities.

Inoculate Dogs

A mass dog inoculation will be held at the Mokena Village hall, Saturday, May 21 from 2 to 4 p.m. Dr. Thomas Gunhouse, veterinarian will administer the shots. The fees will be \$3 for the inoculations and \$2.00 for the licenses. Alvin Sorenson, village clerk, will be at the hall to sell licenses after the inoculations.

Step-Up Day

Step-up day for all children entering first grade next fall will be held in the Mokena Willow Crest school, Friday, May 20, at 2 p.m. Mrs. Lorraine Abraham and Mrs. Mildred Montgomery, first grade teachers, and Mrs. Elizabeth Cappel, Superintendent, will be hostesses for the day.

Any child who will be six years old on or before December 1, 1960 is eligible to enter first grade. An invitation is being extended to all parents to bring their child to step-up day and to acquaint themselves with the school program.

Editorials

It is a tossup as to which burns us most--the United Nations or the Moscow mobsters led by Nikita Krushchev.

The United Nations has never been of any use in promoting peace and curbing aggression or war and we doubt that it ever will accomplish anything along the lines for which it is intended.

The American people were smart enough to stay out of the League of Nations following World War I. That was another body that failed to accomplish anything. And probably the greatest disappointment to its members was the fact that Uncle Sam was not there to pick up the check.

It is possible that had radio and television been available during World War I the League of Nations propagandists might have won us over. Americans were more independent minded then than now but we were a gullible lot too. Just look at the vote Wilson got when he ran for his second term on the slogan--"He Kept Us Out of War."

We didn't have a chance, however, when the United Nations was hatched. Years of brainwashing by FDR and his New Dealers left us easy prey for the machinations of the one-worlders, dogooders and pacifistic peace-at-any-price star gazers and we joined up.

That was a sorry day. So far the only purpose served by the UN has been to provide the commies with a distributing center for their propaganda and cover for their spies and a place for incompetents, uplifters and phonies to find jobs at sizable pay. The American taxpayers are footing most of the bills and if we got out the UN probably would collapse because the race of other members to dodge the check.

The UN has been bumbling along for more than a decade now, sometimes scolding, sometimes even shaking a finger at people and nations that flout its edicts and no one pays any attention. Nine observers sent to the Middle East as observers for the UN were killed, several of them having been deliberately murdered. And the UN never even said:

"Oh my goodness, fellahs, you shouldn't have done that."

It is reported that the Russians have taken over the UN news service so handouts and news releases made available thru this service carry Red propaganda to all parts of the world. There are many papers that use this UN news service. We have been receiving a column in the mail--free of charge--which stems from the UN news service but we throw it away.

The Russian chief, Nikita Krushchev, is constantly rattling missles and telling the rest of the world what it must do. If anything should happen to him and the remainder of the Red hierarchy we hope it will not be trivial.

It is difficult for a family newspaper to refer to Krushchev in apt phrase but we think that the creator of the comic strip Moon Mullins has been doing very well. In case you haven't been reading the strip recently it is now showing a sequence in which men from the state department have called on Kayo Mullins in effort to persuade the lad to change the name of his dog, a bad mannered, oversized pooch.

The name--why Nikita, of course. Subtle, these cartoonists.

On Second Thot

By GLENN F. LOGAN

Jeff Throttlebottom, bourbon fancier and champion freeloader, dropped in for a short visit this week. After firing up one of our cigars to which he had helped himself he adroitly cut out the most comfortable chair and sprawling sighed contentedly.

-0-

"You know," he said, apropos of nothing, "I was looking thru the book section of a metropolitan paper lately and now I don't believe I will write a book after all."

"You were going to write a book?" I repeated incredulously, "Why that's work!"

He looked pained:

"I resent such an insinuation," Jeff declared unblushingly, "It is not that I am averse to work that holds me back. Let's say that I am a practical man and that when, and if, I toil I want to see some results from it. I grant you there is some work to writing and there may be some that love to write for writing's sake. But not me."

"If I were an author," Jeff went on, "I would want to be a commercial author. I would want to write books that sell and just work and, or, literary skill is not sufficient for the task."

-0-

"If you want to get an agent or a publisher to look at stuff these days," he continued, "it would seem you would have had to have been something or are something now."

"Well," I pointed out, "you have been something and you certainly are something now. You are one of the laziest persons I know and certainly one of the world's best cadgers."

He brushed away these compliments with a languid wave of his hand.

"Such talents are not unusual," he objected, "Most everyone is lazy to some degree but most won't admit it. My cadging has been successful enough to answer my simple wants but I have never made a really big score."

"Now if I had mooched a Rolls Royce from some maharaja or from what'shisname--you know that American multimillionaire who is so close he lives in cheap hotels to save money, or got someone to give me a high producing oil well, real estate in choice locations and say the crown jewels of Britain I might be able to cash in on it. You know--the difference between a talent and a great talent."

-0-

"Now if I were 94 years old and still active as a professional big game hunter in Africa and on close terms with some of the world's big name people, I could write a book about it," Jeff went

on. "Travel books are popular but I haven't been anyplace spectacular and when I did go it was either by train, car, boat or plane. That's no good. I couldn't begin to compete with a guy that crossed Tibet on a pogo stick or traversed the burning sands of the Sahara in a sled drawn by a team of Siberian huskies."

"I am not a general, an admiral, nor a famous jockey. I never had money enough to become known as the Boy Plunger at the race track, Wall Street or Monte Carlo. I am not a star of stage, screen or the airwaves--audio or video, nor am I a former mobster or a spy so memoirs--my memoirs--are out."

"It is too bad that I am not a survivor of the Battle of Gettysburg or the fight on the Little Big Horn when Custer discovered there were just too many Indians. Interest in these events today would compensate a person well for an eye-witness account."

"I think there is a good book in sailing all the oceans of the world on a square of composition roofing or traveling across the land from Hudson Bay to Cape Horn in a canoe."

"I have a good title if I ever get around to doing the research," Jeff continued, lighting another of my cigars, "altho I may follow the example set by movie heros and hire a stunt man as this book I'm thinking of would be called, 'I Played Polo on a Tiger.'"

"When I look at these books on sale today," Jeff said sadly, "I realize what a prosaic, dull life I've led. I've never caught snakes or animals for a zoo; I've never hunted down dangerous men; I've never even trained an elephant, been a panelist participant on a TV panel show or took part in a Cuban revolution, and practically anyone can do that."

"And after reading some of the biggest selling novels I find I can't even write one of those," he concluded on a plaintive note, "because of being so old fashioned that I have inhibitions and that is something you can't have if you are going to write a successful novel. I got my inhibitions early as a kid when my old man caught me writing some of the four-letter words, that now appear in print on a fence and the sidewalk and he proceeded to whale the daylight out of me."

Jeff got up, poured most of the contents of my tobacco pouch into his, took another cigar and started for the door.

"By the way," he wanted to know, "are any of the subdividers in the area going to have a grand opening in the next few days, complete with food and drink? I don't know that it would make a book but I believe I could do a magazine piece on 'Houses I Almost Bought.' See you later."

Business & Finance

BY MAURICE P. ANGLAND

The market has been showing new life on the upside for the past week. Some of the market analysts have been pointing out that during the sluggish market period of the last couple of months, the volume of trading has dwindled to well under 3,000,000 shares per day and with volume picking up when the market advances.

Certainly the dwindling volume when the market is sagging, would indicate there is no great pressure for liquidation of holdings.

There is a considerable amount of investment money available for investment when those managing the funds believe the time is ripe. Some of the managers expressed themselves a few weeks ago, as waiting to see a point at which they believed the market would hold, before committing their funds.

Last Thursday and Friday the buying in some issues, indicated large fund investment.

Services which keep close watch on investment changes of the large investment funds of both the closed-end and open-end (Mutual Funds) groups, noted the trading activity is about equally divided between sales and purchases. There were no signs of general liquidation, but rather some shifting from what are known as cyclical to defensive issues.

The emphasis seems to have shifted from automobile, aviation, steel and railroad, etc. shares with food, finance, utilities, tobacco, etc. in favor. The oils have not been shown as being among the favored, but selective buying in mining and metal stocks has been noted.

The electronic issues in spite of comments regarding their high price to current earnings, continue to be favored.

It is expected that steel production will show a further drop in total production and then start upward again in July or August.

Stainless steel sales have been meeting stiff competition from aluminum. Some plastic competition has also come into former stainless-steel. Stainless has carried one of the highest profit margins among generally used steels. Some steel men are expecting price reductions in stainless soon.

As to investment shifts in investment fund field, the magazine Financial World has this comment: "The usual divergence of opinion among professional investment managers was evident in the opening quarter. Even while Lehman was trimming its position in American Telephone, Madison Fund was a buyer of the same issue. Similarly, while Madison was a heavy seller of Tuscon Gas, General Public Service was adding to its holdings. On the other hand, Madison and General Public Service saw eye to eye in favoring Savannah Electric & Power, an over-the-counter growth utility."

Even the most wishful and naive can hardly expect much in the way of concrete developments toward peace, from the Summit Meeting now in progress. The Russian moves of the past few weeks indicate they must have things their way or no agreement.

Clever propaganda by Russia, forced this meeting. Russian leaders need have no regard for public opinion at home and their populace generally, hears only what they want them to hear. It is almost a historical axiom that dictators must constantly keep their peoples in a state of excitement and move toward greater and greater power. They cannot allow events to settle down to a state of calmness. A state of calmness brings on their demise.

Letters To The Editor

CYCLISTS AND PEDESTRIANS

Dear Sir:

Recently you had a write-up on the hazardous condition existing on West Avenue, what with the speed limit being 40 miles per hour.

I agree with this 100% and feel that any driver with any common sense would not exceed 25 miles an hour, but I also feel a write up to our children would be in good taste right about this time. It isn't always the driver of a car that causes accidents, and I feel if the children would receive a few tips it would help prevent accidents and perhaps save one of their lives. Such as:

1. Please ride your bike on the side of the road that you belong, which is the opposite that traffic is going. I have many times actually been stopped while one of our youngsters walk their bike up the hill, making it impossible for motorists to pass, plus, how can you see on coming traffic with your back to it.

2. Also the walking children, there is no one, but no one, better qualified to protect your life than yourself. Walk so you can see on coming traffic.

3. Lets talk about consideration, of which I feel you all should practice. Just one example, when an auto signals with his horn, it is usually for a good reason, it would only take a few steps on your part to move over and give ample room for him to pass, as a driver can not see over a hill and therefore must stay in his own lane or chance an accident. I for one have experienced trailing behind children all the way up a hill just because they wouldn't move over. This isn't too bad if you have a lot of time to get to work, but when running late, many times a driver will take a chance, and we all do at one time or another. So children, help save the lives of the drivers as we try to protect yours.

4. Another little item, smartness.... this never has, and never

will get anyone anywhere, and I speak of the gestures you make, like pushing your playmate in front of an on coming car and then pulling them back. Some day you're going to goof, and this little playful gesture will be a fatal gesture. And your language, What does it prove to shout detrimental things at passing motorists? Did you ever ask yourself this? I think I can tell you what it proves.. Nothing..... Also the throwing of stones at cars. Some day I truly hope you will experience the great joy of owning your own car, even a brand new one, and with this hope I only wish that some child doesn't scratch it for you. Kind of breaks your heart. These are all little things you learn just by growing up. I only thought I'd try to help.

E.R.,

*(Editor's Note: E.R., is wrong in the statement that cyclists should ride against traffic. We quote from the state statutes--121 of Chapter 95 1/2--Motor Vehicles--"Traffic laws to apply to persons riding bicycle or animals or driving animal-drawn vehicles. Every person riding a bicycle or an animal or driving an animal-drawn vehicle upon a roadway shall be subject to the provisions of this act applicable to the driver of a vehicle, except those provisions of this Act which by their nature can have no application.")

7th And 8th Graders Take Field Trips; Hold Dinners

The three "R's" are more or less shunted aside by eighth grade pupils as the school year draws to a close. About the only "R's" in use then are the ones that appear in travel or dinner."

Following the custom of the area the grade school graduates charter buses and go sightseeing; usually to historical shrines. Then too, there are the class banquets looked forward to by the pupils.

Such events in the area this year started with the twenty four pupils of the seventh and eighth grades of the Ann Rutledge school, Lincoln Estates, chartered a bus and went on a field trip thru Michigan and into Canada Wednesday, May 4 and returned Friday afternoon.

Their first stop was a Dearborn, Mich., where they visited the Henry Ford Museum and the Greenfield Village. From there they went to Detroit and spent the night at the Grand Central hotel at St. Thomas Canada.

The next morning they drove to Niagara Falls where they visited both the American and Canadian Falls.

Chaperones on the trip included the principal Lloyd Alton and James Delaney, Mrs. Dwight Nicholson, Donald Ball and Mr. and Mrs. Floyd Alton.

Final plans have been completed for the annual graduation dinner to be held at the school Saturday, June 4 which is sponsored by the PTA; assisted by the parents. Invited guests include besides the graduates, their parents, teachers, school board members and their wives and other honored guests.

The eighth grade class of the Haven grade school, New Lenox, enjoyed their annual two day graduation class trip, Friday and Saturday, May 13 and 14. They took the same trip that has been taken by the classes for the past nine years to Springfield, New Salem and Hannibal, Missouri, where they stayed overnight in the Mark Twin hotel. Several parents accompanied the group as chaperones.

The annual eighth grade class graduation banquet was held Thursday night, May 12 at the Lincoln-Way high school cafeteria. The dinner was served by the Band Boosters to the graduates and their parents. Following the program, Michael Kruck, presented awards to those students who received basketball, volleyball and band letters. Representatives of the student council, cheer leaders, sectional spelling contest winners and to the outstanding students of the

class were also honored. A dance with music for the honored guests was held being furnished by the high school dance band.

Wednesday, May 25, the seventh grade mothers of St. Jude's school will honor the graduates with a dinner in the school hall.

The group will be taken on a trip to the State Capitol at Springfield, on May 26. This trip is provided by the Parents club and will be chaperoned by the club members. The newly acquired bus, purchased thru the efforts of the club, will be used for this trip.

This Friday, May 20 the eighth grade class of the Frankfort public school will go to New Salem and Springfield and Monday, May 23 the seventh grade will go to Hinsdale Health museum and the Little Red Schoolhouse as their field trip. The fifth graders visited the Chicago Historical Society and Lincoln Park last Friday. They were accompanied by their teacher Mrs. Margaret Robertson and room mother Mrs. George Maertlin.

The seventh and eighth grade classes of the Mokena Public school will hold their graduation party Wednesday, May 25, beginning with a buffet banquet at 6:30 p.m.

Following the banquet a program will be presented by the eighth grade class which will include the class history, prophecy and will. The balance of the evening will be enjoyed by dancing.

Thursday, May 12, the eighth grade class spent all day in Springfield on their field trip touring various government buildings and New Salem State park.

Forty five students went by chartered bus with the following teachers; Coleman A. Rogers, William Donaldson, Mrs. William Pester and Miss Mary Donahue; also Mrs. Norval Robinson and Mrs. Robert Hunniford.

Friday, May 13, during the school assembly program awards were presented to the students for basketball, volleyball, cheer leaders and band, which included District and State contests.

St. Mary's eighth grade class spent Wednesday, May 11 at Springfield and New Salem State park on their field trip. Thirty six students, Fr. Cecil, Sister Mercedes and six mothers enjoyed the trip. Enroute home they visited Sister Rose Ann and Sister Helen Ann, former teachers and who are now teaching at the Sacred Heart grade school in Springfield.

Hold Montly Meeting Of Woman's Club

Mrs. Willard Barenz was hostess to the Mokena Woman's club at their regular meeting last Monday evening.

Reports were given by Mrs. Berle Needham, president, on the current Mental Health program that is being planned for organizations in this area. Mrs. Harold H. Beebe reported on the 11th District meeting held in Joliet recently.

Mrs. Needham and Mrs. Kenneth W. Bressler represented the club at the annual Illinois Federation meeting in Chicago last week.

Mrs. Harold L. Lotz represented each chairman to consider her department's contribution to the fall programs.

Sharon Wolf Gives Recital

Miss Sharon Wolf, daughter of Mr. and Mrs. William H. Wolf of Frankfort presented a piano recital Sunday, May 15 at the Joliet Conservatory Of Music where she is a student under the direction of Dorothy Mavrich.

Miss Wolf has recently been awarded a music award and scholarship from the Simpson College, Indianola, Iowa.

Gardeners Of Will County Show Flowers

The Will County Federation of Garden clubs met Monday, May 2 at the Methodist church in Lockport. Hersh Hubbs of Geneva was the guest speaker and spoke on flower arrangements.

Following the program a flower show was held with 15 blue ribbons and 5 red ribbons awarded in the horticulture division. Among the blue ribbon winners was Mrs. Leon Frey of New Lenox.

In the artistic arrangement division 9 blue ribbons and 6 red ribbons were awarded.

The Joliet Floral and Garden club received a blue ribbon for a baby shower table designed by Mrs. Lewis Hague and Mrs. James Hamilton.

The Plainfield Garden club received a red ribbon for a bridal shower table designed by Mrs. Marge Horton.

Homewood To Head Program At Palos Park

Actors from the Homewood Repertory Group of the Homewood Players will present a program at the membership meeting of the Palos Village Players Wednesday, May 25 at 8 p.m. at the Royal Coachman, 119th and Southwest Highway.

John Goes, program chairman, announces the program will include a one act play "Don Brown's Body"; a reading by Jean Kerr and a scene from their latest production "Detective Story."

Plans for the proposed charter flight to Europe in April 1961 are progressing satisfactorily announces Zay Smith, at the May board meeting of the Village Players, when they met in the home of Don Craemer, Orland Park.

For dinner reservations for the membership meeting call Gibson 8-9700.

Firemen To Hold Dance Saturday

A polka dance band of Tinley Park has been engaged to provide the music for dancing Saturday, May 21, at 8 p.m. at the VFW hall Mokena. This will mark the 15th annual firemen's dance. The dance band is well known in this area and plays regularly at Puckerville.

Russell Lauffer and Raymond Bernard head the committee for the evening's entertainment.

The fire department now staffs 30 active volunteer firemen who untiringly give their time and help to the department. At present they are working on the new firehouse.

During the past year they responded to 19 grass fires, seven inhalator calls; one car fire; six stand-by calls; two overheated electric motor calls; one CD alert drill and two house fires, one at Valley View restaurant and the other a home of Byron Nelson's which was under construction. The most recent major fire was at the home of Mr. and Mrs. Vernon Bormet, Wolf road, Thursday morning, Feb. 24.

PROMOTED

Stephen Black son of Mr. and Mrs. Robert A. Black has been promoted to corporal in Company C in the Reserve officers training corps at The Kemper School, Boonville, Mo. He was promoted in an order issued by Col. G. A. Grayeb, commander, and Maj. Tedson S. Timberlake, professor of military science and tactics, under the direction of The Rev. Samuel E. West, president and headmaster of Kemper.

You Don't Slide On This Hill-The Hill Is Sliding

(CNS)—A beautiful hill on forest preserve land in a corner of Palos township near Willow Springs is sliding into an adjoining excavation on privately owned land, posing a grave threat to the public interest, a lawsuit charges.

It was filed Friday in Superior court and seeks an injunction restraining the defendants from excavating on the private property at any point less than 200 feet north of the north boundary line of forest preserve district property.

Named are Henry Yost and John Rust, owners of the private prop-

erty, and the V. J. Cartage company, the excavators. The district also seeks damages of \$20,000.

In two years, the excavations into the hill have created a bluff 70 feet in height along a front 190 feet long, the suit says.

A great part of the forest preserve land, situated on a summit of a 60 foot high hill, along with trees, bushes and shrubbery gave way and fell into the excavation, the suit says. The excavations have produced a "progressive slide," it adds.

ALL TEAMS RAINED OUT

Thursday, May 19, 1960

Page 9

Bremen, Carl Sandburg, and Lincoln-Way were rained out of the scheduled SWS contests on Monday evening -- this was fifth postponement for these teams in this baseball spring.

The games were rescheduled for the next evening where possible. Last Friday evening the Carl Sandburg team stayed ahead of the Braves and Knights in beating Bremen, 9-0. Bruce Rodger collected the only hit off Sandburg pitching until the sixth inning in that contest on Friday.

All of the local nines are already eliminated from the state baseball tourney. Lincoln-Way managed to get to a second contest, but then was beaten by Joliet Catholic, 4-3. In the Joliet District, Lincoln-Way, won the first contest, 11-1, in rather easy fashion, but dropped the deciding game to the Hilltoppers to be eliminated from the tourney.

Oak Lawn took the measure of the Bremen team by a 4-1 score in the Carl Sandburg District meet. However, the shocking upset was administered by Reavis. The Rams beat Carl Sandburg in the opener of the district play-offs, 6-3.

Sandburg had rather been having an easy time of it in the first two meetings of these teams, but Reavis beat the Eagles in the district play. They later fell, but it was the biggest upset in the Carl Sandburg district tourney.

Oak Lawn, defeated by Evergreen Park in the district play-offs, is still surging on toward an unbeaten team in SWS play. The Spartans continued to show the class of the league, winning the close ones and playing consistent and rather good baseball.

Eagles, Braves and Knights are going to be pointing to next year -- at this point. They all fielded rather young teams. Bremen will have to find a pitcher to replace Peter Lovrich, but they will be older and bigger, and more experienced. This will help.

Lincoln-Way will not lose many of their players next year. Jerry Haehlein, will be lost at graduation, but almost all of the other baseball Knights will return.

Sandburg will lose a couple of infielders, but that should be the only losses to graduation. Dick Berry, hard hitting third baseman, will probably be the biggest loss.

However, the local nines should be better next year.

Eagles Defeat Braves 9-0 For 6th Victory

The Sandburg Eagles picked up their sixth victory of the conference campaign by defeating the Bremen Braves 9 to 0.

The Eagles had a threat brewing in the first inning. Ted LaVine walked and went to second as Steve Chojnacki singled. Bill Gorney then grounded out to first.

Bremen pitcher Blakemore loaded the bases by issuing his second walk of the inning to Duane Erickson. With one out, Dick Barry was up at the plate. Dick is the team's leading hitter with an average of .538. He couldn't fatten it up, though, as he popped up to the shortstop. Ted LaVine was caught off third base after the catch and was out number three.

Bob McKim started on the mound for Sandburg. In his last game, Bob had shut out Lincoln-Way on one hit. The Braves first man, Garry Williams, worked the count to three and two and took first as McKim's next offering was wide of the plate. He then got Andy Scianna to ground out and struck out Rich Norbut. Peter Lovrich ended the first with an infield roller to LaVine.

The second and third innings were turned into a pitching duel. Only one ball was hit out of the infield, and that was an easy fly ball to center by Bremen's Don Pumis.

The Eagles unloaded nine runs in the fourth to kayo Blakemore and the Braves. Duane Erickson reached on a walk. Dick Barry smashed a grounder to Bruce Rodger at third. Randy Cernick then singled, advancing the runners to second and third. Vince DiBenedetto brought home the first three runs of the inning by picking his pitch and sending a triple to deep left field. Phil Jones was erased as he grounded to the pitcher. McKim was safe on a fielder's choice that caught DiBenedetto napping at third.

The top of the order was up. LaVine and Chojnacki hit back to back singles, loading 'em up for the second time in the inning. Bill Gorney cleared the bases with a double to center. Up for the second time in the inning, Erickson drew his third walk of the game. Everyone came around as Barry tripled with two strikes on him. Dick scored as the catcher dropped the throw from the outfield. Cernick ended the inning by taking a called third strike.

From then on it was McKim all the way. Through the next four innings he allowed one hit and three walks. McKim has now thrown twelve consecutive shutout innings and given up only three hits while striking out eight.

Trinity Sweeps Field Meet

Friday, the 13th was a very lucky day for Trinity Lutheran school, 159th and Oak Park!

Various Lutheran schools in the surrounding towns have an annual Field Meet at which the best of each school competes against all other schools.

The children are divided into classes, according to their age - Class "A" - 13 to 16 years old, Class "B" - 12 and 11 year olds and Class "C" - 9 and 10 year olds.

This year's Track Meet was held on May 13, Friday, from 12:30 p.m. to 4 p.m. at St. John's Lutheran school in Country Club Hills. There were 10 Lutheran schools entered.

Zion, Matteson had previously dominated the Track Meet by winning 1st place seven years in a row.

Trinity has participated for three years and this year the training the children received in their regular gym classes really showed up.

When the announcer called out, "Hear ye, hear ye, the mighty has fallen - Trinity wins the 1960 trophy." the Trinity Parkers really shouted. The final points awarded to the six top schools were as follows:

Trinity, Tinley Park	71
Zion, Matteson	53
St. John's Country Club Hills	39
St. Paul's, Woodworth	19
Salem, Homewood	12
Hope, Park Forest	4

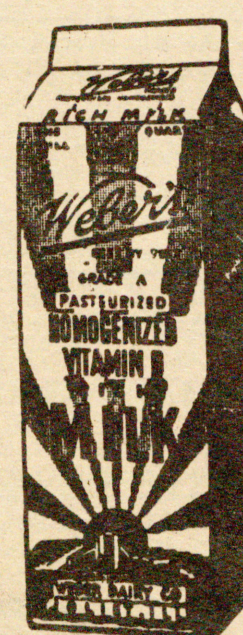

Blue ribbons were awarded to all first place winners, red ribbons for second placers and white ribbons to the third place winners. Twenty - eight boys and girls brought back ribbons to tack up on their bedroom walls. These children are as follows:

Name	Class	Points
Billy Kohn	B	6 3/4
Karen DeValk	C	6
Dwight Kosary	A	5 1/4
Jean Schilling	B	4 3/4
Bobby Wener	C	3 3/4

Beam Seeks 2nd Straight Feature Win

Newcomer Bill Beam will be gunning for his second straight feature victory in the season's second midget auto racing program Saturday night at Joliet Memorial Stadium.

The Rockdale speedster, in his first year of competition on the Joliet quarter-mile clay oval, came away with the main event victory in the season opener last weekend.

After a second place finish in his heat race, Beam had to beat out such veteran standouts as Willie Wilson of Elmhurst, Tony Lenti of Chicago, and Bob Tattersall of Streator. Lenti is a two-time winner of the Joliet track title and Tattersall is defending champion and a three-time titlist.

Tattersall recently returned from Australia, where he won the national midget auto racing championship for the second year in a row. Before last weekend, it wasn't known whether he would return to the Joliet track or try for laurels on the big car circuit.

Among the other drivers expected for next Saturday's races are Bob Harkey of Gary, Ind., Bob Tomlinson of Oak Lawn, Byron Fisher of Lemont, Ray Elliott of Lockport and Jolietans Bernie Wilhelm, Russ Sweedler and Bob Hauck.

There will be four heat races, a handicap, 15 lap semifinals and 25 lap feature. Time trials start at 7:30 p.m. and the first race at 8:30 p.m.

Armed Forces Information Day At Sandburg

Wednesday May 25 has been designated as Armed Forces Information Day at Carl Sandburg High school.

The purpose of the day is to allow students, especially graduating seniors to have questions answered with regard to military obligations and career opportunities. This is not meant to be an avenue for recruitment.

Representatives from both the men's and women's branches will be available for conference during the homeroom periods, 11 a.m. to 1:30 p.m.

Personnel from the Army, Navy, Marine and Air Corps have been contacted and have consented to be available for this additional counseling service. Senior Class Counselor, Jim Adcock is in charge of arrangements.

Klepper Sets

New School

Discus Mark

Dick Klepper of Tinley Park, senior at Bremen high school, set a new high mark for Bremen high discus throwers at the district track and field meet last week. Dick will be going down state. He will find the competition quite difficult.

Klepper was a stand-out football player on the Bremen eleven this past season. Dick will be going on the college.

Dick will be in the SW Suburban with Bremen next Wednesday, May 25 -- where he will try to better the present record which he set last week.

Proceeds From Luncheon Goes To Trinity School

BY VIRGINIA SASS
HU 5-3133

The Marley Woman's club sponsored a luncheon and food demonstration in the Homer church last Thursday, May 12. The proceeds from the affair will be given to the Trinity School for Retarded Children on Gougar Road. Since this school receives no support from taxation, donations are greatly needed to pay teachers and buy necessary equipment.

Miss Ruth Williams of the Home-making Programs, Inc. of Chicago, cleverly and humorously added bits of wit along with attractive garnishes to the dishes that she prepared. She received much applause from the hundred women in attendance as she fashioned an egg salad into the form of an old fashioned girl. For this she used a daisy shape with a scalloped cookie cutter, with a carrot slice for the center.

Miss Williams was assisted by Mrs. Barbara Schultz as she made homemade mayonnaise, a Fantasy Salad made of Sour cream, crushed pineapple, lemon and lime gelatin; a fruit salad tray using cottage cheese and a dutch crunch pie. Miss Williams closely held the attention of the group as she made the crust for the pie using milk, salad oil, salt and flour. She rolled it out between two sheets of wax paper, making it very easy to place the crust in the pan. She said that the milk makes a prettier and browner crust. She used an apple filling for this pie with a Cinnamon Crisp crunch topping.

After the demonstration, several door prizes were awarded to the guests.

A buffet luncheon was served at noon from a long table centered with an arrangement of lilacs and

tulips. Mrs. Eugene Anderson and Mrs. Don Reid were the hostesses. Mrs. John Hasibar was general chairman of the affair.

Mr. and Mrs. Floyd Slocum of Clermont, Florida were guests the past week in the home of Mr. and Mrs. Otto Moravec and family.

Rev. Ray Hamer attended the Minister's Retreat at Lake Springfield this week.

Glenn Peterson is a medical patient in the Silver Cross hospital.

Miss Alma Lauffer was a semi-finalist in the music contest sponsored by Lyon and Healy in Chicago on May 6. She played the piano and was one of the ten Semi-finalists chosen out of 150 contestants.

Mrs. Mary Marshall was a week end guest in the Robert Eaton home near Elwood.

Mr. and Mrs. William Hamer and daughter Kimberly of Adams, Indiana were week end guests in the home of Rev. and Mrs. Ray Hamer and family.

Mrs. Mary Marshall was a dinner guest on Wednesday in the home of Mr. and Mrs. Tom Cooper in New Lenox.

The Marley Woman's club held a short business meeting in the Homer Church on May 12th following the Luncheon and Food Demonstration. The annual election of officers resulted with Mrs. William Dudlcek for president; Mrs. Ray Hamer for vice-president; Mrs. John Hasibar for treasurer and Mrs. Royal Corp for secretary. Plans were completed for the annual picnic to be held in Haley Park in Marley on Thursday June 9. Chairmen for the picnic will be Mrs. Otto Moravec and Mrs. Henry Volz. Mrs. John Peciniak will be recreation chairman.

Spying A Must In Dealing With Reds, Says Derwinski

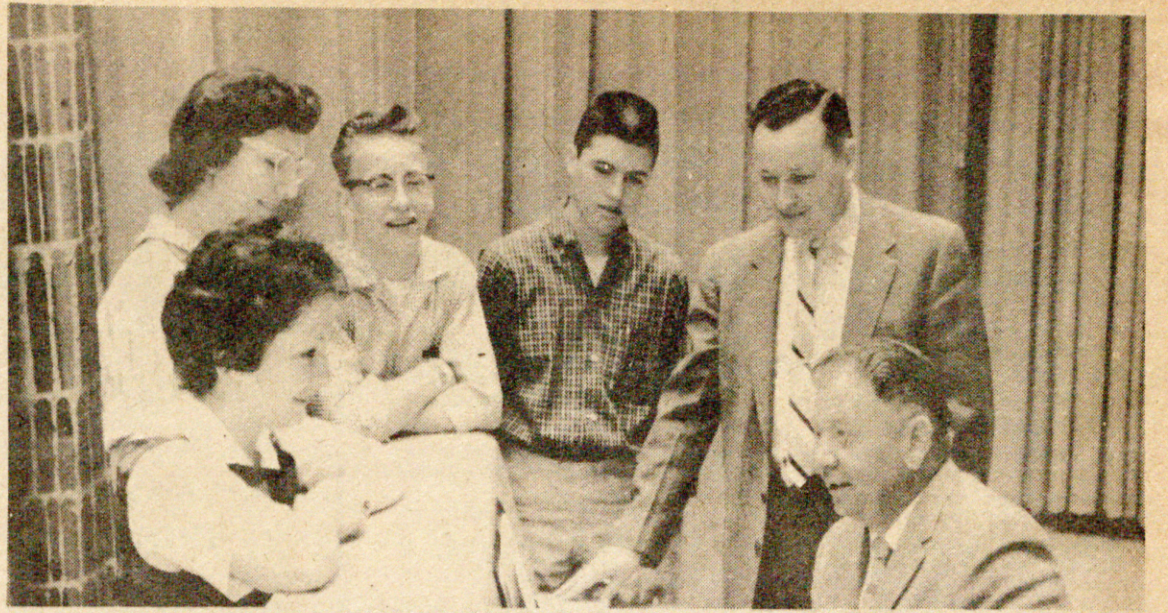

"The spy plane incident," Congressman Edward J. Derwinski (R 4th Ill.) emphasized in a week end radio address, "should be carefully considered in its true sense of effectively demonstrating the ability of the American counterintelligence agency to consistently penetrate the iron curtain. It has been a matter of common knowledge that for years all major powers have engaged in consistent espionage activity and despite the Soviet attempt to make propaganda capital out of this affair, the facts remain that we do possess a great degree of detailed knowledge of Soviet military, economic and political developments."

Congressman Derwinski made special note of the fact that top Congressional leaders of both political parties joined forces in supporting the effectiveness of the Central Intelligence Agency, and he further pointed out that this bipartisan unity proves to the world that whenever a common foe threatens the Nation, our leaders in Government rise above political issues.

"The United States Central Intelligence Agency," the Congressman explained, "has become one of the most effective and respected counterespionage groups in the world and in coordination with our strong military position has served as one of the most effective deterrents to Soviet expansion. Obviously, it was unfortunate that the plane should have been shot down at this point, but this error does not detract from the overall effectiveness of our activities."

Derwinski pointed out that the lack of an effective intelligence

agency prior to the Korean War left us unprepared when the Communist invasion of South Korea took place. "At the present time," he said, "our intelligence network is so widespread and effective that a surprise attack from a foreign power is practically impossible. We must all keep in mind that the Soviet Union operates the most ruthless and far-flung espionage set up in the world and our counter activities are absolutely necessary to preserve both our international and domestic security against Communism. The people of the United States can certainly rest easier, knowing that their Government is exercising the most effective means possible to provide the protection needed in these days of world tension."

A SPRING CONCERT - will be presented by the music department of Lincoln-Way high school Wednesday, May 25 at 8 p.m. Those helping in planning the event are left to right; Marge Ardaugh, mixed chorus student director; Gwen Doering and Richard Zatteau, band student directors; Bob Bredert, mixed chorus student director; Robert Taylor, band director and Tom Olson, choral director. There will be various selections by the band and the mixed chorus. The music department will also present and honor the senior music students at this time. The program will conclude with a combined number by the band and mixed chorus. (L-W Photo)

500 Attend Band Boosters Dance

Despite the inclement weather Saturday evening the Mokena Band Boosters dance at Lincoln-Way proved to be quite successful.

Jim Lounsbury, popular TV star, headed the entertainment with a crowd of 500 in attendance. Later a five piece orchestra played which proved to be quite loud and effective. From comments heard after the dance everyone had a good time.

The Band Boosters cleared \$200 which paid off the indebtedness on the uniforms and will put a surplus in the treasury.
